TAZEWELL, VA., NOV. 5, 1909

## FREE ANTI-TOXIN FOR

Diphtheria is reported from many communities in the State and may be expected to increase for several months yet.

A number of counties have made an appropriation for furnishing free antitoxin to parties unable to buy but the Department at Richmond keeps a large stock on hand, which is sold to physicians at small cost, and there are few people in this county who are unable to buy it, but those few should not be denied the use of it should the dread disease break out in their families. An article on the subject of diphtheria, antitoxin, etc. is published in another column in this issue. Read it.

## THE NEXT TWENTY YEARS

If you should live twenty years, says Mr. Edison, you will witness many wonderful changes in material progress in this country. Among other things, the poor will be living in better houses. Concrete buildings will be general throughout the country. The manufacture and use of concrete will be so cheapened as to permit it being used by men of small means in the construction of dwellings. This will mean nicer and more comfortable homes. The public highways will be so improved as to permit the use of automobiles in the place of wagons. This has already taken place in certain sections of New England. An automobile is cheaper than a two horse team. A farmer living 50 miles from New York City loads his milk cans or his vegetables on an auto and in one hour is selling out on the streets, and is back home in another hour. He can almost go to market, buy a steak, and get home for breakfast. Within twenty years the farmer on Clear Lake will be driving his machine into town, loaded with apples of other products of the farm. Telephones will be in general use, and with improved roads and phones, town and country will be, practically, united.

Cooking and heating by electricity will become general particularly in cities and towns. Some new discovery or appliance will render the phone current available for lights and heating purposes. Travel by airships will be as general as by autos now.

The system and methods of farming will be very different twenty years hence. The land will be yielding many times its present crops, and doing it with much more ease and pleasure to the farmer. The agriculturalist will be a scientist, as he is fast now becoming. The railroads will be run by electricity instead of steam produced by coal, as now. These, and other great changes may be expected and if they should, will be no more wonderful than changes wrought within the past ten years. Many of the readers of these lines will live to see and enjoy, and perhaps help to bring about, these and other changes.

## TAZEWELL APPLE TREES

There are a very few apple trees in this county that do not need trimming, and that badly. The orchards are neglected. The trees are bushy and brushy, and need attention. This is, perhaps, as good a time as any, to do this work. Tazewell can grow, and does grow fine fruit, as was seen at the Fair in September, when apples were shown, hurriedly gotten together, larger and finer than any shown at the State Fair in Richmond. A tree, like any other plant, must be pruned, cultivated and cared for. And, when you trim be certain not to "trim the tree up," as we say, but trim it down. Cut off, and out, the topmost branches. Cut the trees back. Never trim a fruit tree "up," says the best authorities. Another thing: Don't think that just anybody knows how to trim or prune a tree. Any botch can cut off limbs, but it requires a man of some experience, good sense and judgment to properly do the work.

## BEGIN NOW

During the winter months preparation should begin for the spring and summer crops, both field and garden. If the matter is deferred until spring confusion and mistakes will result. And now, too, the results of last seasons work is fresh in the mind and it is plain and easy to note

Many school children suffer from constipation, which is often the cause of seeming stupidity at lessons, Chamberlain's Stomach and Liver Pills is an ideal medicine to give a child for they are mild and gentle in effect, and will cure even chronic constipation. Sold by all dealers.

the mistakes made last season, and to decide not to repeat them. This vegetable or that, was perhaps, planted in the wrong place, planted too soon or too late. The ground was not prepared just right. It should have been broken earlier and deeper, perhaps. These, and other questions and matters are better settled now, and a definite course of action marked out in advance. What kind, if any, fertilizer will you use next spring? What kind of fertilizer do you need? Is an important question. All these, and perhaps other questions should be settled now, while there is good time and plenty of leisure. Look about you. Each man must do for himself what is best and not best, to do, according to his own individual condition and surroundings. One thing however, we must all decide upon, and that is, to raise more and better stuff than we ever did before on the same or less acreage.

## IS HE A WISE MAN?

A man drove into town a few days ago with a load of grain, which sold for a good price, and deposited his money in the bank on top of other deposits of the same kind which he has been piling up. He is what is known as a hardworker. His father before him was industrious and economical, and his son inherited his fathers traits in this regard, and the son, now perhaps forty years of age, has worked hard all his life. His farm, poor when bought it ten years ago, is clean, well tended and productive. His wife milks four cows, does the cooking for herself, husband and five children and the hired help, also the washing for the family. She is about 35 years of age, but looks to be about fifty. On Sunday morning neither he nor his wife were at church, nor was his children at Sunday school. He was too tired to get up on Sunday morning in time, and his wife, by the time she got up, kindled the fire in the kitchen stove, prepared breakfast and milked the cows, didn't have time to bathe and dress the children for Sunday school, and they played out doors all day—he slept—his wife nursed and cared for the baby and got dinner. He didn't shave, nor even, "put on a clean shirt" until late in the afternoon. When night came, he "felt," his wife milked the cows, got supper, put the children to bed, worried with the baby half the night, got up early Monday morning and started on the same round again. His wife hasn't "been off the place" for a year, and her husband hasn't heard a sermon for five years, so his neighbors say. Nevertheless, he is "a good man." He doesn't drink, cheat nor lie, and is kind, after his fashion and accommodating. He has good horses, good implements and always makes good crops. His clothes are common, his wife dresses plainly. He has no buggy, takes no newspaper or magazine, and hasn't two books in his house. If you met him in the road you'd think him a tramp. And yet, he is intelligent, cheerful, and apparently happy. Do you know this man? There is more than one of him on this earth. The question, is, "Is he a wise man?" Is he doing right? Is he treating himself, his wife and children right? Is it wise to spend ones whole life in this way—a slave himself and enslaving his family? In fact, isn't he missing not only the best part but really all of life? There is a passage in an old book which says, "A man's life consisteth not in the abundance of the things which he possesseth."

## That "King Corn" Prize

The result of the prize gotten up and awarded at the State Fair the past week for the best corn grown in Virginia has certainly proven far beyond the expectations of any one we have heard discuss the matter, and certainly far beyond anything we had hoped. The only regret with us is that circumstances so shaped themselves that we were unable to take any part towards contributing to this glorious result. It is too late now to say that our good wishes were with it, since good wishes are said to be used as paving in a certain place. But this much we do promise another year will see us trying to do our part for even a bigger success than that met with this year.

In connection with this corn prize it is but just to say that to the forethought and enterprise of the Richmond Times Dispatch is due the splendid results shown at the Fair. Through the personal efforts of its editor, Mr. John Stewart Bryan the conception was matured and the work begun, which made such a prize possible. From the conception to the ending no pains nor efforts were spared to make it the success it proved to be, and in this he was ably seconded by his industrious "Industrial Editor." Aside from these, several of our country contemporaries did what they could, and are entitled to their share in the glorious results. But "there is glory enough for all" and Virginia is to be congratulated that its possibilities have been thus set before the world and it may safely be expected that it will soon begin to reap greater results from what has been shown in her corn production than had ever been hoped for in anything else. Blackstone Courier.

## Kills to Stop the Fiend.

The worst foe for 12 years of John Doye, of Gladwin, Mich., was a running ulcer. He paid doctors over \$400 without benefit. Then Purkin's Arniea Salve killed the ulcer and cured him. Cures Fever Sores, Bolls, Felons, Eczema, Salt Rheum. Infallible for Piles, Burns, Scalds, Cuts, Corns. 25c at J. E. Jackson's.

## Lived 152 Years.

Wm. Parr—England's oldest man—married the third time at 120, worked in the fields at 132 and lived 20 years longer. People should be youthful at 80, James Wright, of Spurlock Ky., shows how to remain young. "I feel just like a 16 year old boy," he writes "after taking six bottles of Electric Bitters. For thirty years Kidney trouble made life a burden, but the first bottle of this wonderful medicine convinced me I had found the greatest cure on earth." They're a godsend to weak, sickly rundown or old people. Try them. 50c at J. E. Jackson's.

Hearst said in a recent speech: "That great man, (Tilden) patted me on the head and told me to grow up and be a good man and a true Democrat, and that I have tried to do." Either Mr. Tilden was a poor tutor or Mr. Hearst a very dull pupil.

Even the weather seemed propitious on election day, and gave a balmy springlike approval to the candidates.

## Children Cry FOR FLETCHER'S CASTORIA

### Burke's Garden.

Burkes Garden Va., Oct 27—On last Sunday morning the Garden awoke to find herself wrapped in blanket of snow. However the storm lasted only for a day Monday morning's sun melted the snow and all was bright again.

Miss Lucille Snapp, accompanied by her father, Mr. Landon Snapp, left Saturday for Giles county. They will attend the Miller-King wedding.

Mrs Magie Barnes is visiting her sister, Mrs Moss

A number of ladies met at the Methodist parsonage Monday evening bearing with them various contributions such as butter, home made soap, etc.

Mrs. M. Cassell is spending a few days at Tazewell.

Mr. Mongle has moved his family to Damascus, though he expects to remain here this winter.

Mr. Clint Moss spent last Friday night at home.

The Lutheran Home and Foreign Missionary Society is having a series of meetings this week and on Saturday will hold a public meeting at Central church in which the Methodist Home Mission Society is requested to take part.

The Home Mission society will meet at the parsonage next Wednesday afternoon, November the third at three o'clock. All the Methodist ladies, whether members of the society or not, are invited to come. Rev E. L. Ritchie will preach at Central church on next Sunday morning and at the Chapel in the afternoon

## Wont Slight a Good Friend.

"If ever I need a cough medicine again I know what to get," declares Mrs. A. L. Alley of Beas, Me., "for, after using ten bottles of Dr. King's New Discovery, and seeing its excellent results in my own family and others, I am convinced it is the best medicine made for Coughs, Colds and lung troubles." Every one who tries it feels just that way. Relief is felt at once and its quick cure surprises you. For Bronchitis, Asthma, Hemorrhage, Croup, LaGrippe, Sore Throat, pain in chest or lungs its supreme. 50 cents and \$1.00. Trial bottle free. Guaranteed by J. E. Jackson.

## THOSE POTATOES, ONCE MORE

In answer to numerous inquiries the Editor takes this occasion to say: No, the potatoes haven't showed up, and said that somebody got his potatoes, too, and the supposition seems reasonable that the same party got all the potatoes. If the Editor's potatoes don't roll in pretty soon somebody will get such a roasting as he will not soon forget.

It has been intimated in this connection, that Ab Greever never had any potatoes, to begin with. We know better. He had one, a very fine one, which he intended for seed for the Editor seed it himself at the Fair.

## Smashes All Records

As an all round laxative, tonic and health builder no other pills can compare with Dr. King's New Life Pills. They tone and regulate stomach, liver and kidneys, purify the blood, strengthen the nerves, cure Constipation, Dyspepsia, biliousness, Jaundice, Headache, Chills and Malaria. Try them. 25c. at J. E. Jackson's.

## WHERE TO THROW TRASH

As will be seen by a notice in another column, warning is again given not to block the streets and alleys of the town with rubbish of any kind. Several of the streets and alleys are blocked with tin cans boxes, barrels, dead cats et cetera ad infinitum, so as to render it difficult to get through with a wagon or buggy. This condition of things should no longer exist. The Council says it must not and that should end it. What to do with all the trash is a question. There may be vacant lots and ravines which need filling, where rubbish may be dumped. There should be some provision made for this, but certainly the back alley is not the place.

We've had the run of the Teddy Bear, and our fill of Bully Possum, and it will take mighty little of the Pole-cat to satisfy us.—Exchange.

## A Public Benefit

Tazewell People Greatly Interested in the Generous Offer of J. E. Jackson, Druggist.

The people have already demonstrated that they would rather trust a man who is naturally honest than one who is honest only because he had to be.

The J. E. Jackson Drug Co., have a firmly established reputation for square dealing and sterling honesty. When they told the people that Rexall Remedies are the purest and most dependable medicines that it is possible for modern science to produce, and that they would tell the public what each one of these 300 remedies contained, and that they sold Rexall Remedies on their personal guarantee that they would give entire satisfaction or they would not cost the user a single cent, they were believed.

Ever since this announcement the J. E. Jackson Drug Co. store has been largely patronized by people buying Rexall Remedies, all of which proves that at his store has the confidence of the people and that honesty is the best policy.

There is no "cure all" among the Rexall Remedies. There are different and separate medicines, each one devised for a certain human ailment or a class of ailments closely allied. For instance Rexall Dyspepsia Tablets are recommended for the positive relief of stomach irritation, indigestion, flatulency and dyspepsia. They are rich in Bismuth-Subnitrate, Pepsin and Carminatives. They are prepared by special processes which perfect and enhance the great remedial value of these well known medicinal agents. This remedy sells for 25 cents, 50 cents, and \$1.00 per package. Every one suffering from stomach disorder should try Rexall Dyspepsia Tablets, inasmuch as they cost nothing if they do not satisfy.

Remember, the John E. Jackson drug store is the only store in Tazewell where these remedies may be obtained, and every one in need of medicine is urged to investigate and take advantage of the frank and generous manner in which they are sold.

Have a Full Line of Fall and Winter Samples of Latest Styles and colors. Call and see samples. Have your clothes made at home and a perfect fit and satisfaction will be the result.

## The American Tailors,

B. ANGRIST, Proprietor.

## FINE ADDRESS

Prof. Heatwole, of Harrisonburg, delivered a fine address before the teachers institute here last Friday. He remained over Sunday and eat turkey and other good things with his friend and fellow student, Prof. Greever, in Burke's Garden. He left on the 3:30 train Monday, and will visit other High Schools in the Southwest. He is connected with the new State Normal and Industrial School, just established at Harrisonburg, of which Prof. Burress is President.

This school was established by act of the Legislature in 1908, and opened this fall with about 150 students. The prospect is bright for this new institution. Mr. Heatwole has the Chair of Education in the Faculty, which is composed of ten or twelve teachers.

This school is almost exclusive in the branches taught. For instance, young women are instructed in Gardening, Horticulture, Agriculture, Poultry Raising and Bee Culture, Dairying, Forestry, etc., besides the Classics, history etc., and young women, going out from the school, will be prepared to teach these important branches, also, Sewing Cookin, Home Economics, Home Cleaning Needlework, Millinery, Food Preparation, etc., etc. The demand for instruction in these useful arts is widespread. It is important if not absolutely necessary in all cases, that girls should know how to cook, sew and do all the useful and needful things devolving upon a housekeeper, and this school will do a great work, and grow right along.

A card to Prof. Julian Burress, Harrisonburg, Va., will bring estelogue, and all information desired.

If you have noticed symptoms of kidney trouble, do not delay in taking the most reliable and dependable remedy possible, such as DeWitt's Kidney and Bladder Pills. These wonderful pills are being used with great satisfaction by thousands of people. Try DeWitt's Kidney and Bladder Pills today. Sold by Jno. E. Jackson.

## The World and News

It has invariably been the great effort of the Thrice-a-Week edition of the New York World to publish the news impartially in order that it maybe an accurate reporter of what has happened. It tells the truth, irrespective of party, and for that reason it has achieved a position with the public unique among papers of its class.

The subscription season is now at hand and this is the best offer that will be made to you. If you want the news as it really is, subscribe to the Thrice-a-Week edition of the New York World, which comes to you every other day except Sunday, and is thus practically a daily at the price of a weekly.

The Thrice-a-Week World's regular subscription price is only \$1.00 per year, and this pays for 156 papers. We offer this unequalled newspaper and Clinch Valley News together for one year for \$1.75. The regular subscription price of the two papers is \$2.00.

When you have a cold the first thing to do is have the bowels move. Do not take anything that may coagulate—and most old fashioned cough cures do constipate. Try Kennedy's Laxative Cough Syrup. It drives the cold from the system by a free yet gentle action of the bowels; it stops the cough, and is pleasant to take. Children like it. Sold by John E. Jackson.

## A Big Day on the 9th

Tazewell horse and mule market will have a number of buyers here on Tuesday, November the 9th. A big day is expected. If you want to sell or buy be present.

DeWitt's Little Early Risers—the safe, gentle, easy little liver pills. Be sure to get DeWitt's Carbolyzed Witch Hazel Salve, the original. Always refuse substitutes and imitations. The original DeWitt's Carbolyzed Witch Hazel Salve is good for anything a salve is used for but it is especially good for piles. Sold by John E. Jackson.

The fall weather has been most favorable to the gathering and housing of corn. Also to the setting or starting of crimson clover and other grasses. Don't you wish now you had sown crimson clover in your corn at last plowing?

Croup is most prevalent during the dry cold weather of the early winter months. Parents of young children should be prepared for it. All that is a bottle of Chamberlain's Cough Remedy. Many mothers are never without it in their homes and it has never disappointed them. Sold by all dealers.

## Notice to the Public.

My wife, Anna Thompson, having left my home without cause, and without my consent, I hereby notify the public that I will not be responsible for any debts made or contracted, in any manner, by her. G. W. THOMPSON.  
Oct. 18-09.  
Tazewell, Va.

United States Senator Martin N Johnson of North Dakota died at a hotel in Fargo. His complaint was Bright's disease

When the kidneys fail for any cause to perform their important work of passing off uric acid from the body, serious results will follow—at such times take a good reliable remedy—one that you can depend upon. Pin-cules are an excellent preparation for kidney troubles. They quickly relieve backache, weak back, rheumatic pains etc. Sold by John E. Jackson and Richlands Phar.

The American Federation of Labor adopted resolutions asking that a bill be introduced in congress providing for a labor member in the president's cabinet

Washington dispatches say a row is on between Secretary of State Knox and Postmaster General Hitchcock as a result of the dismissal of Crane from the Chinese post.

The old, old story, told times without number, and repeated over and over again for the last 36 years, but it is always a welcome story to those in search of health—There is nothing in the world that cures coughs and colds as quickly as Chamberlain's Cough Remedy. Sold by all dealers.

The Japanese-American bank of San Francisco has been closed by order of the state superintendent of banking.

Laure back comr on suddenly and is extremely painful. It is caused by rheumatism of the muscles. Quick relief is afforded by applying Chamberlain's Liniment. Sold by all dealers.

Mrs. Maria Blake Ringleka, whose father, Francis Blake, fought with the continent army, died at Galesburg, Ill, age 91 years.

When a cold becomes settled in the system, it will take several days' treatment to cure it, and the best remedy to use is Chamberlain's Cough Remedy. It will cure quicker than any other, and also leaves the system in a natural and healthy condition. Sold by all dealers.

William I. Buchanan of Buaflo, N. Y. former American minister to the Argentine republic and Panama, died suddenly on a public street in London.

## Truthful Reports

Tazewell Reads Them With Uncommon Interest.

A Tazewell citizen tells his experience in the following statement. No better evidence than this can be had. The truthful reports of friends and neighbors is the best proof in the world. Read and be convinced.

J. Albert Hagy, Car Line St., Tazewell, Va., says: "My experience with Doan's Kidney Pills certainly gives me cause to endorse them highly. For a long time I had been troubled by a weakness and dull, heavy pains across the back. One box of Doan's Kidney Pills procured at Jackson's drug store, gave me prompt relief and in a short time I was cured. I am confident Doan's Kidney Pills are a remedy of excellent merit."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.
